DEAFENING SILENCE

PERFORMANCE SPECIFICATIONS

(This document may be subject to change)

This show involves a touring company of 13 people in total, including 8 actors, one artistic director, one make-up man, two stage technicians and one producer.

- EQUIPMENT NEEDED:** One clean skip measuring: Height: 2.2 m, Length: 6 m, Width: 2.3 m, with 2 doors on one of the sides. **Colored white, grey or black.**
Make sure to provide seats for 200 people.
- PERFORMANCE AREA**
Performance + audience An outdoor area measuring 1250 m² (50 m long and 25 m wide) surrounded by buildings or walls along its length (for the acoustics)
Lorry access needed for a 12-ton vehicle, plus a permanent parking space throughout the duration of the show.
If possible, a location check is to be carried out in advance.
- PERFORMANCE SPACE:** 300 m²: **TARMAC** ground surface (e.g.: car park, street, square etc.)
A quiet site, without any traffic
- STAGE SET-UP:** Installing the skip: the day before the first performance, in the morning.
General stage set-up the day before the first performance.
Rehearsals the day before the first performance.
The set-up and breakdown takes around 3 hours.
A 16 amp power source is needed if the breakdown takes place at night.
- EXTRA STAFF REQUIRED:** 1 person needed for the unloading.
2 people needed for the breakdown and loading.
2 people needed during the show to place the seats.
A cleanup is necessary after each performance.
It would be advisable to have someone in place to look after the skip during the night, between two performances.
- PERFORMANCE DETAILS:** Performance duration: 1h30
The show is to be performed during daytime
- DRESSING ROOMS:** A backstage area (50 m²) located in the performance area which must include toilet facilities, **three showers**, tables, chairs and mirrors and nine bath towels
Catering is to be provided in the dressing rooms before each performance: hot and cold drinks, bread, cheese, ham, fruit, biscuits...
Large bottles of water
- MISCELLANEOUS:** Quiet accommodation: preferably in the town centre (near the performing area).
Hotel **minimum for 13 people.
For meal requirements, one member of the team doesn't eat dairy products and another member is vegetarian and one member doesn't eat gluten
- CONTACTS:** **Technic** : Djamel Djerboua: +33 (0)6 33 59 05 45 - makroutd@gmail.com
Administration, touring and production:
Vinciane Dofny, Charlotte Grange & Marjolaine Lopez

PERFORMANCE SPACE

The skip must be positioned in such a way that the sunset faces the door. This is to ensure that members of the audience do not get the sun in their eyes.

East

West

CAPACITY : 600 people

Space for the lorry to be able to install the skip and drive away
